EXHIBIT 1. Solar PV Site Location

EXHIBIT A: PROOF OF INSURANCE COVERAGE  
EXHIBIT B: CERTIFICATION  
EXHIBIT C: ACKNOWLEDGEMENT OF ADDENDA

**I. PURPOSE OF REQUEST**

The Richland-Lexington Airport District (“District”) is soliciting proposals from qualified contractors to perform critical repairs on an existing 1 MW AC solar farm installed in 2017 and establish a comprehensive Operations and Maintenance (O&M) agreement for the remaining expected life of the system.

The District intends to award a contract to a firm that will meet the District’s qualification criteria.

**Scope of Work: Part A (Immediate Repairs)**

The contractor must address the following specific failures identified during recent site evaluations:

- **Inverter #2:** Troubleshoot and resolve “Standby” status.
- **Inverter #10:** Replace broken conduit and secure exposed wiring at the ground exit point. Identify the unit (serial number currently faded).
- **Inverter #20:** Troubleshoot and resolve “No Power” status.
- **Inverter #22:** Troubleshoot and resolve status (No lights, fan running, faded serial number).
- **Conduit Repair:** Replace damaged conduit sections as identified in the site survey.

**Technical Note:** The existing Canadian Solar inverters were white-labeled by Chint Power Systems. If units are found to be out of warranty or non-repairable, the preferred replacement model is the Chint CPS-SCA36KTL-DO-US-480.

**Scope of Work: Part B (Operations & Maintenance)**

Provide a proposal for a multi-year O&M contract for the 1 MW DC array to include:

- Annual preventative maintenance.
- Real-time monitoring and performance analytics. (Current system monitoring using Stem – Powertrack)
- Emergency response and corrective maintenance (guaranteed response times).

**Technical Note:** Vegetation management and site erosion control will be performed by airport staff and is not required by the contractor.

**Mandatory Qualification Requirements**

- **Project Experience:** Demonstrate and describe past performance of repair, operational and maintenance of three or more similar projects with references and contact information.
- **Licensing:** Confirmation of current South Carolina required contractor licenses.

**II. INSTRUCTIONS TO PROPOSERS**

- A. Proposers shall submit one (1) hard copy of their proposal along with one USB port containing an electronic copy of the proposal that is identical to the hard copy. Proposals, including the USB port, must be enclosed in a sealed envelope, box, or package, and clearly marked on the outside with the following: DO NOT OPEN – PROPOSAL ENCLOSED, “Solar PV System Repairs, Operations and Maintenance” and also contain the Proposer’s name, address, phone, and primary contact name and email address. Proposals must be delivered to the following address:

Richland-Lexington Airport District  
3250 Airport Blvd, Suite 10  
West Columbia, SC 29170  
Attention: Frank Murray, VP Planning & Engineering

- B. All proposals must be delivered by **2:00 p.m. EDT, July 16, 2026**. Requests for extensions of time to submit will not be granted. Late proposals will be rejected. Proposals sent via e-mail or fax will not be accepted.
- C. The opening and reading of a proposal does not constitute the District’s acceptance of a Proposer as a responsive and responsible Proposer.
- D. It is the sole responsibility of the Proposer to ensure that the proposal arrives on time and bears the handwritten signature of an official duly authorized to sign the proposal. The name, address, telephone number, and email address of the person to contact must be clearly identified.
- E. The Airport will hold a non-mandatory pre-proposal meeting at **10:00 a.m. EDT on June 25, 2026**. The primary purpose of this meeting is to allow Proposers to view and assess the Solar PV Site. No oral conversations or oral comments made at the pre-bid meeting are binding on the District. Any questions that arise during the pre-bid meeting should be put in writing and emailed per item (F) below.
- F. Any questions about the RFP should be directed in writing via email only to Frank Murray at [f.murray@flycae.com](mailto:f.murray@flycae.com) by **2:00 p.m. EDT, July 10, 2026**.
- G. Other than with written consent from the Point of Contact, all Proposers, including any persons affiliated with or in any way related to a Proposer, are strictly prohibited from contacting any Commissioners or any District personnel on any matter having to do in any aspect with this RFP after June 15, 2026. Any other contact with such persons associated with the District shall be made only through and in coordination with the Point of Contact and must be made in writing. Prohibitive or inappropriate contacts made by the Proposer may result in the disqualification of the Proposer.
- H. The District may elect to issue addenda to this RFP. All addenda will be posted on the District website at the following URL:

<https://flycae.com/procurement-bids/>

## RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE

It is the responsibility of the Proposers to view, obtain, or download all addenda issued by the District for this RFP. The Proposers shall acknowledge all issued addenda on the Acknowledgement of Addendum Form (see Exhibit C). Submission of a proposal establishes a conclusive presumption that the Proposer is thoroughly familiar with the RFP and that the Proposer understands and agrees to abide by all of the stipulations and requirements contained therein.

- I. All notations must be typed or printed in ink. No erasures are permitted. Mistakes may be crossed out and corrections must be initialed in ink by the person(s) signing the proposal.
- J. All costs incurred in the preparation and presentation of the proposal are the Proposer's sole responsibility; no costs will be reimbursed to any Proposer.
- K. All documentation submitted with the proposal will become the property of the District.
- L. Proposals are to be submitted as outlined below:
  - 1. Proposal
  - 2. References
  - 3. Proof of Insurance Coverage (Exhibit A)
  - 4. Certification (Exhibit B)
  - 5. Acknowledgement of Addenda (Exhibit C)
- M. The District reserves the right to cancel any or all solicitations, in whole or in part, as well as reject any or all proposals, or to accept or reject any proposal in part, and to waive any minor informality or irregularity in proposals received if it is determined by the Executive Director or his designee that the best interest of the District will be served by so doing. If the solicitation is cancelled or all proposals are rejected by the District, a notice will be posted on the District website as identified for the posting of addenda. A proposal will not be considered from any Proposer that is in arrears or in default to the District on any contract, debt, or other obligation.
- N. Proposals are subject to public disclosure after award in accordance with state law. All information contained in any submitted bid, request for proposal, or request for qualifications document to the District will be available for public review upon Freedom of Information Act (FOIA) request. All Proposers are hereby advised that any information that they may consider to be confidential or proprietary and would give a competitive advantage if disclosed, should be identified as "Confidential" or "Proprietary." If any portion of a proposal is labeled as "Confidential" or "Proprietary," the Proposer must also submit a redacted form of the proposal in both hard and electronic copy at the same time it submits its proposal. The redacted copy will be made available for public review upon a FOIA request. Proposers are cautioned to use care when labeling portions of the proposal as "Confidential" or "Proprietary" as blanket invocations of confidentiality are often unwarranted and may require additional scrutiny from the District.
- O. In the event a contract is entered into pursuant to this RFP, the Proposers shall not discriminate against any qualified employee or qualified applicant for employment because

**RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE**

of race, sex, color, creed, national origin, or ancestry. The Proposer must include in all subcontracts a provision similar to the above.

- P. Any ambiguity in any proposal as a result of omission, error, lack of clarity or non-clarity by the Proposers with this RFP, instructions, and all conditions of the submission shall be interpreted in the light most favorable to the District.
- Q. The District has set the following schedule:

<u>Action Item</u>	<u>Date</u>
Request for Proposal Issued	June 15, 2026
Non-Mandatory Pre-Proposal Meeting	June 25, 2026, at 10:00 a.m. EDT
Deadline for Proposal Question Submission	July 10, 2026, by 2:00 p.m. EDT
Questions and Answers Posted to Airport Website	June 13, 2026
Deadline for Proposal Submission	July 16, 2026, by 2:00 p.m. EDT
Hold for Interviews/Presentations	Week of July 27, 2026

**III. TERMS AND CONDITIONS**

- A. The District is seeking Proposers interested in providing Solar PV System Repairs, Operations and Maintenance for a minimum 3-year term.
- B. The District reserves the right to reject any or all proposals, or to award the contract to the next most qualified Proposer if the selected Proposer does not execute a contract within sixty (60) days after the award of the proposal.
- C. The District reserves the right to request any supplementary information it deems necessary to evaluate the Proposer’s experience, qualifications, or to clarify or substantiate any information contained in the Proposer’s submittal.
- D. Any proposal submitted will constitute an irrevocable offer, for a period of ninety (90) days, to sell to the District the services requested in this RFP.
- E. Insurance Requirements: The selected Proposer shall carry and keep in force a comprehensive general liability and employer liability insurance by an insurance company authorized to do business in the State of South Carolina with limits of liability as follows:

**RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE**

Employer Liability	\$1,000,000
Comprehensive General Liability Bodily Injury	\$1,000,000 each occurrence, and \$2,000,000 aggregate
Property Damage	\$1,000,000 each occurrence, and \$2,000,000 aggregate

The selected Proposer shall furnish certificates of professional liability insurance satisfactory to the District as to contents and carriers. Upon execution of a contract, the selected Proposer shall furnish to the District a good and sufficient Certificate of Insurance by said insurance company, and an Owner’s Protective Liability Policy naming the Richland-Lexington Airport District, the Richland-Lexington Airport Commission, and the Richland-Lexington Airport District Employees as named insured. Both policies shall contain the stipulation and agreement that the insurance provided by said policies is continually in full force and effect and is not subject to cancellation or modification in full or in part without thirty (30) days advance written notice to the District.

- F. Workers’ Compensation and Employer’s Liability Insurance: The selected Proposer shall maintain workers’ compensation and employer’s liability insurance in the amounts and form required by the laws of the State of South Carolina. The selected Proposer shall furnish a certification of said insurance to the District certifying that the District will be given thirty (30) days written notice of non-renewal, cancellation, or other material change.

**IV. SELECTION PROCESS, PROTEST PROCESS, AND PROPOSAL REQUIREMENTS**

The list below of maximum assessment points will be used to determine which of the best-qualified proposals submitted will be selected.

**A. Selection Process**

1. All proposals must be received by the District no later than the date and time specified on the cover sheet of this RFP. Late proposals will not be accepted and will be returned unopened to the Proposer.
2. Following the date and time when proposals are due, the envelope or package containing the proposals from each Proposer will be opened by District personnel. The opening of the proposals is not open to prospective proposers or the public.
3. The District will form an evaluation committee to review and score the proposals based on the following criteria:

RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE

Scoring Criteria	Weight	Description of Best Value Factor
<b>Technical Experience &amp; Qualifications</b>	<b>30%</b>	Demonstrated success in maintaining 1 MW DC (or larger) PV systems. High value is placed on specific experience troubleshooting Canadian Solar/Chint Power Systems (CPS) inverters and managing RMAs with those manufacturers.
<b>Pricing Proposal</b>	<b>30%</b>	While cost is a factor, the District will evaluate if the repair and O&M quotes are realistic and sustainable for the 1 MW array's lifecycle rather than simply selecting the lowest bid.
<b>Management &amp; Project Approach</b>	<b>20%</b>	Evaluation of the firm's strategy for the expedited repairs listed in this RFP. Bidders must demonstrate a plan for coordinating subcontractors and mitigating supply chain risks for replacement components.
<b>Project Schedule</b>	<b>20%</b>	The bidder's ability to meet aggressive repair milestones and provide guaranteed, rapid response times for unscheduled maintenance under the O&M agreement.

4. After the evaluation committee reviews and scores the proposals, the District will invite at least two Proposers to interview/make presentations to the evaluation committee. Any invitations to interview/make presentations are in the sole discretion of the evaluation committee. Interviews/presentations will be worth up to 30 additional points. Interviews/presentations will be limited to 30 minutes with 15 minutes for Q&A from the evaluation committee.
5. Following any interviews/presentations, the evaluation committee will finalize its scoring and make a contract recommendation to the District Commission. At the sole discretion of the District Commission, the District Commission may request a second interview/presentation from Proposers with a mathematical chance of being the highest ranked offeror following the evaluation committee's scoring procedure. Any second interview/presentation (if held) will be worth 20 additional points.

6. Following contract negotiations with the selected Proposer, the District Commission will vote on approval of the final contract.

**B. Right to Protest and Protest Process**

1. The rights and remedies described in this section to an aggrieved prospective and/or actual Proposer are at the exclusion of all other rights and remedies of such aggrieved Proposer against the District at common law or otherwise for the loss or potential loss of an award of a contract.
2. Any prospective and/or actual Proposer who is aggrieved in connection with the solicitation of a contract shall protest to the Vice President of Finance and Administration of the District in the manner stated below in subsection (4) within fifteen days of the issuance of the RFP or other solicitation document or any amendment or addendum thereto, if the amendment or addendum is at issue.
3. Any actual Proposer who is aggrieved in connection with the award of a contract shall protest to the Vice President of Finance and Administration of the District in the manner stated below in subsection (4) within fifteen days of the notice of intent to award the contract.
4. Any protest submitted must be in writing and shall set forth the grounds of the protest and the relief requested with sufficient detail to give notice of the issues to be decided. It must be addressed to:

Columbia Metropolitan Airport  
Gregg Hornsby, Vice President of Finance and Administration  
3250 Airport Blvd – Suite 10  
West Columbia, SC 29170  
[g.hornsby@flycae.com](mailto:g.hornsby@flycae.com)

**C. Proposal Requirements**

The following elements have been identified as being central to maximizing the opportunity presented by this location. To assist in reviewing your proposal, please incorporate these specific points within your response in the sequence shown below.

The proposals will be evaluated using the following factors and corresponding maximum available points (100 total points available):

1. Cover Letter

Cover letter to identify Proposer and to state other general information that the Proposer desires to include regarding the Proposer’s business organization. At a minimum, the cover letter must include the name, principal address, federal tax ID number, telephone number, facsimile number, and e-mail address of the Proposer.

## RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE

If a corporation, state the full name and title of each of the corporate officers and their experience as an owner, operator, or manager. The state of incorporation is to be included. If the Proposer is not a South Carolina corporation, please include a statement advising whether or not the Proposer is qualified to do business in the State of South Carolina as a foreign corporation. A foreign corporation will be required to qualify to do business in the State of South Carolina prior to the execution of a contract.

If the Proposer is a sole proprietorship, state the name of the individual doing business and state the individual's experience as an owner, operator, or manager.

If a partnership, state the full name, address, and other occupation, if any, of each partner; whether the partner is active or dormant; whether each partner is a general or limited partner; each partner's experience as an owner, operator, or manager; and the proportionate share of the business owned by each partner.

If a joint venture, state the names of the firms participating in the joint venture and the principal officers of each firm; each officer's experience as an owner, operator, or manager; and the proportionate share of the joint venture owned by each joint venture partner.

If a limited liability company, state the full name and title of each of the members and/or managers of the company and their experience as an owner, operator, or manager. The state of formation is to be included. If the Proposer is not a South Carolina company, please include a statement advising whether or not the Proposer is qualified to do business in the State of South Carolina as a foreign company. A foreign company will be required to qualify to do business in the State of South Carolina prior to the execution of a contract.

### 2. Executive Summary

The executive summary should provide a clear and concise summary of the Proposer's background, level of expertise, direct relevant experience, and ability to manage the operation. The executive summary should make the Proposer's case as the best candidate for the Repairs and Maintenance of the solar farm. The Proposer should structure this section in a manner that allows it to serve as a stand-alone summary when separated from the other sections of the proposal.

### 3. Technical Experience & Qualification (Maximum 30 points)

- a. Provide experience, qualifications, and background with existing operations and maintenance contracts including system sizes, locations, and contract duration.
- b. Describe performance monitoring software platforms
- c. Define annual preventative maintenance actions

## RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE

4. Pricing Proposal (Maximum 30 points)
  - a. Provide the proposed costs for Scope of Work Part A (Immediate Repairs) and Part B (Operations and Maintenance)
  - b. Clearly define all costs in terms of what is covered and not covered by the O&M contract in terms of labor and material.
5. Management & Project Approach (Maximum 20 points)
  - a. Define your approach for the expedited repairs.
  - b. Explain potential supply chain risks and mitigations for replacement components.
6. Project Schedule (Maximum 20 points)
  - a. Estimated high-level schedule for the completion of the repairs.
  - b. Expected schedule for annual maintenance with expected system downtime.
7. References

The Proposer shall include 3 references as directed on the REFERENCE form included below.

**RFP – SOLAR PV SYSTEM REPAIRS, OPERATIONS AND MAINTENANCE**

**REFERENCES**

Please provide at least three (3) current references..

1. Business Name: \_\_\_\_\_  
Contact Name: \_\_\_\_\_ Title: \_\_\_\_\_
